OFFICE OF PETITIONS

Ms Donnell:

Thank you for your time and for sending of the correct documents. As further explanation and in association with my prior correspondence for unavoidable delay I offer the following:

I am a full time practicing primary care physician. After I developed my idea for this invention I relied upon Richard Freer to proceed with filing of the patent; and subsequently entered into a licensing agreement with his company, The Discovery Group LLC, to produce and market the device. Over the past several years Mr. Freer has not responded to inquiries about the product and I do not find his LLC to be an active licensed entity with the Virginia SCC (as queried thru the Clerks File System on line). Apparently The Discovery Group, LLC of Richmond is no longer in business and Mr. Freer does not respond to correspondence. I do not know of other ways to contact him.

I have enclosed a check for the 7.5 year maintenance fee and the surcharge. I understand that my petition may not meet the criteria for bringing the patent up to date. However, I hope that your office will see fit to allow me to pick this process up where the others left it. I still feel this device will help those who are at risk for lower extremity blood clots from illness or inactivity.

I have also completed the change of correspondence address form.

Again, I thank you for providing me with this valuable information and I appreciate the time you put in to my request.

Respectfully,

Lucian Yates Grove Jr MD
